09:30 **May be babies**
G. D'Amato

Opening lectures

Chairmen: E. Cicinelli, G. Loverro

10:30 Gonadal Stem Cells for gametogenesis restoration: where are we?
G. Smith

11:00 Individualization of ovarian stimulation protocols
R. Orvieto

11:30 Embryo selection and cryopreservation: efficiency and efficacy in ART to be defined
G. Cotichio

send a tweet @ PelvisasMother

Discussion postponed to the afternoon

13:00 **Light lunch**

SESSION I

HOW THE ENVIRONMENT SHAPES IMPLANTATION OF HUMAN EMBRYO

Chairmen: R. De Palo, M.E. Dell'Aquila, L. Gianaroli

15:00 How environment, food, metabolism and immunity may affect the gametes health
Y. Menezo

15:20 Cryopreservation: a key role in human ontogenesis
L. De Santis

15:40 Are we intervening too late with embryo selection? The role played by timelaps
K. Miller

16:00 PGD and PGS from different sources

A. Hellani

send a tweet @ PelvisasMother

16:20 **Discussion**

17:30 **Chiusura dei lavori**

19:00 **Cocktail di benvenuto**

29 settembre

SESSION II

THE PERCEPTION OF CONCEPTION

Chairmen: M. Gentile, O. Gliozheni, L. Schonauer

09:00 Ovarian endometrioma: reproductive outcomes of ART procedures
G. Trojano

09:20 Cell free DNA from blastocoele fluid or spent culture media: a new marker for embryo implantation?
S. Palini

09:40 MicroRNA in blastocoele fluid
M. Di Pietro

10:00 Extracellular vesicles in the conceptus-endometrial cross talk: possible clinical scenario
P. Viganò

send a tweet @ PelvisasMother

10:20 **Discussion**

SESSION III

AZOOSPERMIA: WHEN SURGERY MEETS ANDROLOGY

Chairmen: M. Battaglia, P. Di Tanno, G. Ludovico

11:00 Is microTESE the gold standard for non-obstructive azoospermia?
G. Colpi

11:20 Sperm DNA fragmentation in infertile men with severe oligozoospermia or azoospermia, in the semen and from testis, in fresh and cryopreserved samples: clinical implications
A. Giwercman

12:00 Presurgical markers of sperm retrieval success in infertile men with non-obstructive azoospermia.
E. Caroppo

send a tweet @ PelvisasMother

12:20 **Discussion**

Discussants: F. Palumbo, V.A. Giagulli

13:00 **Light lunch**

SESSION IV

TAILORING OF OVARIAN STIMULATION PROTOCOLS

Chairmen: G. D'Amato, M. Dattilo, S. Palomba

14:30 The AMH-driven the ovarian stimulation with δ -folitropin
F. Sanchez

14:50 Advances in gonadotropin therapy
C. Howles

15:10 The effect of LH and hCG applications during ovulation induction protocols
M. Filicori

15:30 Update on the clinical use of α -corifollitropin
P. Platteau

16:10 Follitropine alfa biosimilar: a clinical overview
G. Castillon

send a tweet @ PelvisasMother

16:30 **Discussion**

SESSION V

PEAKING INTO THE BLACK BOX OF PELVIC NIDATION

Chairmen: L. Nappi, A. Tinelli
